

# LED Full HD Monitors

20", 22", 24", 27", 32"  
and 40" Class

## OVERVIEW

The LED Full HD range of monitors is the latest advancement in TruVision® monitors. Providing superior image quality, these monitors are a great fit for today's demanding video surveillance market.

Whether displaying analog or IP resolutions, the TruVision LED monitors are designed to provide top image quality paired with industrial reliability making them last for many years in high security environments. Unlike consumer-grade offerings, these monitors were designed for 24/7 operation.

Designed with slim profile, thin bezel and standard VESA wall mount holes as well as built-in speakers, they can be installed in various configurations.

## STANDARD FEATURES

- Designed for the demands of a 24/7 security application
- 1920 x 1080 full HD resolution
- 3D Comb filter for optimal image quality
- High contrast ratio for crisp images
- Supports 16:9 and 4:3 screen formats
- Multiple inputs including HDMI, VGA and BNC In/Out (select models)
- Multi-language On Screen Display (OSD) in 7 languages
- Support 100 x 100mm standard VESA Mount

# LED Full HD Monitors
