Simon XT*i*

Keeping families  
connected,  
protected and a  
whole lot more.

The Simon XT*i* is a self-contained security system that combines the powerful security of the Simon XT<sup>®</sup> and the convenience of the Two-Way Talking Touch Screen for a cost-effective, easy-to-use solution.

## Safe

**Two-way communication** – microphone for emergency two-way communication with monitoring station personnel

**Always secure** – backup power supply keeps the system operational during power failures

## Effective

**Emergency fast-action keys** – quickly summon Fire, Medical or Police assistance

**Super-loud piezo siren** – provides effective alert notice throughout the home

**Hear clearly** – speaker for voice audio status messages and prompts, live communications with monitoring station personnel and configurable “voice chimes”

## Convenient

**Easy to read** – color LCD touch screen provides at-a-glance status of home and property

**User friendly** – simple, icon-driven, touch screen user interface—no buttons!

**Stay connected** – control lights, thermostats, door locks and other Z-Wave<sup>®</sup>-enabled devices

A man with dark hair, wearing a light blue button-down shirt, is shown in profile from the chest up. He is smiling and looking at a tablet computer he is holding with both hands. The background is a bright, out-of-focus window with greenery outside.

# Options to make the most of your system

Make the most of your system when it's powered by Alarm.com. With optional Cellular reporting and interactive features, Simon XT*i* allows you to remotely monitor and control your security system for convenient and effective home protection.

### **Displays images on screen and online**

View pictures captured with a wireless Image Sensor located remotely in the home. Images are retained and managed in a library on the Simon XT*i* and online for future viewing.

### **Receive voice, email or text message reports**

Specified events can be quickly and conveniently communicated to a variety of preferred devices to facilitate quick response.

### **Remote lighting control**

Ensure you come home to a brightly lit home for comfort and security. Likewise, turning off lights after you've left is easy and convenient.

# Designed for modern life

## Monitor household activity in real time

View household activity online, check in on sick or elderly loved ones, and even keep tabs on vacation properties.

## Arm/Disarm Simon XT*i* from anywhere

Communicate with Simon XT*i* by phone or Internet to easily adjust your system to meet changing conditions.
